

An excellent opportunity for Installation Engineer and Service Engineers

**CCTV Engineers (Service or installation)
North West, Lancashire & Yorkshire Regions
£25,000 - £30,000 Depending on Experience + Vehicle + Benefits**

Managed by experienced security industry professionals, the company has been providing CCTV, Access Control, Public Address and Support Services for over 25 years.

We are currently recruiting specialist CCTV & Security Installation Engineers & Service Engineers that can work out of our Rossendale or Sheffield Offices, covering the North West, Lancashire, or Yorkshire regions.

The normal working hours are Monday to Friday and within a 50-60-mileradius of the office. However, you may also be required to provide an 'out of hours cover / on call' facility for some of our clients and working away may be required to suit the needs of the business as part of your employment.

About you

You will need to be hardworking, proactive, use your own initiative along with:

Experience of working with CCTV / Security / Access Control / Gate & Barrier maintenance, with essential knowledge of IP equipment / Networks.

Experience in installation, servicing and maintenance, including fault diagnosis of all systems.

A clean driving licence

Excellent customer facing skills & a team player

Have a good understanding of health and safety procedures and policies.

Ideally you will have a current CSCS card (or similar)

You must also pass the relevant security and vetting checks.

How to apply for the CCTV Field Engineer role:

If you have the skills and experience required for this CCTV Engineer job please email sales@technologysolutions.co.uk and provide a cover letter or any other supporting documents you may have.
You must be eligible to work in the UK.
